IMPACT: State & Local

Summary of Legislation: This bill allows a coroner who is conducting a medical examination or autopsy to obtain the decedent's medical records.

Effective Date: July 1, 2002.

Explanation of State Revenues: The bill adds a Class A misdemeanor for a person who knowingly or intentionally discloses the records or information contained in records received under the provisions of the bill. If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class A misdemeanor is \$5,000. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, or county court, 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund.

Explanation of Local Expenditures: A Class A misdemeanor is punishable by up to one year in jail. The average daily cost to incarcerate a prisoner in a county jail is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. (2) A \$3 fee would be assessed and, if collected, would be deposited into the county law enforcement continuing education fund. (3) A \$2 jury fee is assessed and, if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.
